THE undersigned adopts this method of tendering to the physicians of this city, and the public generally, nis acknowledgements for the very liberal patronage they have seen proper to bestow upon him since he located himself on the Southwest corner of Grayson and Twelfth streets, and he confidently hopes that by careful and unremitted attention to business, not only to merit, but also receive a prolonged continuance of the same. Such arrangements have been made as will enable him, not only eceive a prolonged continuance of the same. Such aragements have been made as will enable him, not only obe supplied at all times with fresh and genuine Drugs and Medicines, but also to dispose of them on terms as easonable as they can be obtained elsewhere. He would farther state that he has secured the services of Mr. Vandrept, a native of Belgium whose qualification as a Chemist and as Apothecary, are acknowledged by competent judges, to be far above mediocrity. His knowledge of the German language is sufficient for ill business transactions. all business transactions.

PETERS, CRAGG & CO.'S Piano Forte Factory, MAIN STREET, Between Thirteenth and Fourteenth

THE subscribers beg leave to call the atten tion of dealers, professors, and others wishing to purchase Piano Fortes, to the extensive as sortment of their improved circular scale full iron frame instruments, now on hand and ready for finishing. By the erection of a large additional factory bunding, they are prepared, should the wants of the trade demand it, to turn out seven instruments per week, or 350 Pianos per annum. Buyers may rely upon getting Instruments fully equal, in all the requisites of a good Piano, to any made in the United States, and at a saving of from 25 to 50 dollars on each instrument. All the wood used in our manufactory is thoroughly seasoned, and no pains or expense are spared in turning out each Piano perfect in every respect. For two consecutive years the Agricultural Association and Mechanics' Institute have awarded first premiums to those Pianos over all others when in competition.

RADWAY'S REGULATORS.—The discovery of this last great remedy establishes in medicine entirely new Principles, which medical writers and sages have for years in vain sought to discover. In Radway's Regulators we give to the world a cathartic, purgatic, aperient, diuretic, diaphoretic, and above all, a Regulator of the whole human body.

A pill that, while it purges from the body the refuse deposits, if heals, all sores, uters, or irruitations in the

of the bowels, and expel all such humors entirely from the system.

Another great influence they exert upon the system is their regulating powers. No mater whether it be MAN er WOMAN, whose system may be out of order, whose or gans are irregular in the natural performance of their several deties, a dose or two of Badway's Regulators will quickly cure all irregularities, and force a pleasantand natural avacuation from the bowels at a regular hour, each and every day. To ladies whose monthly turns are hot regular, a dose or two of Radway's Regulators and Ready Relief, will always insure their regular discharge at the proper time.

MEDICAL.

Radway's Ready Relief REMEDIES have been before the public so long, have performed so many minaculous cures. have restored so many thousands of weak, feeble and dying juvalids to idden attacks of raging pestilence ied with the most astonishing suc

pure and stream of blood.

RADWAY'S REGULATORS.—The discovery of this las great remedy establishes in medicine entirely new principles, which medical writers and sages have for years in vain sought to discover. In Radway's Regulators we give to the world a cathartic, purgatic, apericat, diuretic, man Body.

A pilt that, while it purges from the body the refuse deposits, it heals all sores, ulcers, or irritations in the bow eat or huccous membranes. Reaewed strength follows each operation, and instead of the patient growing weaker by their eracuations, as is the result that follows all drastic pills, every organ, nerve and tissue of the body is strengthened by their healing, cleansing and regulating efficacy. The use of Radway's Regulators will dispense entirely with the baneful drug Calomei, Blue Pillor Mercury will be secured by Kadway's Regulators, without endangering tee system by salvating it. Hence the great and important advantage which the discovery of Radway's Regulators secures to the Human Race, in sudden at tacks of Yellow Fever, Typhus Fever, Scarlet Fever, Congested, Billions, Remittent and Intermittent Fevers.—In Cholea, Dysentery, add all other infectious and malignant maladies, Kadway's Regulators are just the remedy required in those malignant cases. They head all sores and ulcers, either in the bowels or in the case of the stomach; even if the whole intestines were raw and ulcer ous along the whole length of the bowels, they will only solved in the stomach, withdraw tife congested and accuminated thumors from the mulated humors from the interior surface of the bowels, and expel all such humors entirely from the system. Another great influence they exert upon the system is their regulating powers. No matter whether it be MAN or WOMAN, whose system may be out or order, whose organs are irregular in the natural performance of their several duties, a dose or two of Radway's Regulators will quickly cure all irregularities, and force a pleasant and natural evacuation from the bowels at a regular hour, each natural evacuation from the bowels at a regular hand every day. To ladies winose monthly turns regular, a dose or two of Kadway's Regulators an Kehlef will always insure their regular discharge proper time.

Pierson Money, Esq., of Carrolton, Miss., owns two large plantations and works over one hundred negroes on the bottom lands of Mississippi—a section of the country as celebrate. for Fever and Ague as the river styx in ancient mythology was dreaded as a place intested with evil spirits. While the negroes of other planters are shasing to pieces with ague, Fierson Money's 'darkies' are fat, hearty and happy, at work, singing with joy their songs and giees, for they feel as from all discussed them. N-t one hour's work has been lost on Mr. Money's plantation by sickness since he began the use of Radway's Ready Rehef to guard them. N-t one hour's work has been lost on Mr. Money's plantation by sickness since he began the use of Radway's Ready Rehef and Regulators among his ne groes. On every plantation where Radway's Ready Renerales are kept for the use of families and servants, you will be sure to find health, happiness and contentment.

Radway's Releif and Regulators are positive Cures for faver and Ague, Dysentery, Billioueness, Cholic, Headache, Rheumatism, Nervousness, Costiveness, Kysjepsia, Indigestion, and all other diseases of the Stomach, Lungs; Bowels, Kidneys, Nerves, Brain, Liver Head, Heart, Cheel, Sides Back, &c.

COL. MARSHALUS SPEECH ON SATURDAY Fulton The unusual pressure upon our editoiral duties and the excitement consequent upon the elec- Hopkins tion through which we have just passed, have Livingston prevented us heretofore from properly noticing the speech of Humphrey Marshall delivered at

the court house on Saturday night last. That speech, if correctly reported to us, stamps | Uni Humphrey Metshall as the bloody Robespiere of the Know Nothing party. In its disregard for the equal rights of American citizenship; in its violation of the proprieties of partisan warfare; ture, and in its trampling under foot and spurn- in 1855, the Democratic majority will be 4,406; in in the quotations. ing alloffers of conciliation and peace, the Sat-

eminent in atrocious violence. We beg our readers to call in mind the circum. stances under which that speech was delivered For several weeks before the minds of our citizens had been wrought up to the highest point of political excitement. As the day of the election drew near, that excitement was increasing in bitterness and intensity. On all sides were heard expressions of apprehension and fear that the bloody violence of August 1855 would be repeated. Our oldest and best citizens-the men who have grown up with the city and made it what it is-stood aghast at the prospect before them, and the enquiry became universal: "Can- her not something be done that shall ensure peace and | 1. quiet on the 4th of November?" This enquiry, so anxiously made' was nobly responded to by the city authorities. The proclamations of the Mayor and the Chief of Police were producing a quieting effect on the public mind. The leaders Lo of both political parties consulted to-gether and Mo agreed upon terms which were conciliatory and satisfactory. The press on both sides became less violent and denunciatory, and counselled mod-f eration and peace. In a word, the great mass o our citizens were laboring sincerely and effetually to produce a state of things which should even- of 284. Morehead's majority was 1,680. Filltuate in a fair and peaceable election on the 4th

While the citizens of Louisville were thus doing all in their power to tranquilize the public mind, and when our men of property and means were "breathing freer and easier" in view of the improved prospect before them, it was announced that Humphrey Marshall, the member of Congress from this District, was to deliver the closing speech of the campaign. As a matter of course every body expected that that speech would be in accordance with the public desire-firm in defence of the party in whose favor it was delivered, but prudent and conciliatory in tone and general spirit. This the people of Louisville expected and had a right to demand, and this every man who prefered the interest of his country before the interest of his party would cheerfully

of November, and thus to some extent wipe out

the disgrace which had attached to our city since

the memorable August of 1855.

Not so Humphrey Marshall, the Chinese ex-Commissioner and Chief of Southern Know Nothings. He has no property in Louisville to be depreciated or destroyed, therefore what cares he for the material interests of Louisville. The three thousand dollars a year of the people's money which he manages to pocket, pays him only for his partisanship he can't afford to be patriot. He therefore, came with looks of defiand in his eye and tones of insolence in his voice and addressed us as the infuriated partisan and not a the wise and prudent statesman. He used hi eloquence and talents not to smooth the turbulen waves of partisan fury, but to lash them int more destructive violence. He called upon hi Know Nothing friends "to vote at all hazards peacably if you can, but forcibly if you must.' We all know by sad experience what is the fear ful import of this language in the mouths Know Nothing orators, and we instinctively associate it with violence, bloodshed and murder The remembrance of "bloody Monday" will no soon die out of the minds of the citizens of Louis

that wiser counsels prevailed than those given by | was 1,167. Humphrey Marshall. Men voted in peace and quiteness, and Louisville stands partly redeemed from her former infamy.

Had Marshall succeeded in his infamous designs the glorious flag of our country would to-day be drooping with fatricidal blood, and the fate of our city would have been irrevocably sealed.

Humphrey Marshall may possibly again be a candidate for the suffrages of our citizens, but if so, he will find that the mark of Cain is upon him, and that his infamous speech of the 1st of November will not soon be forgotten.

It is stated that the whole white male population of the United States over 21 years of age, and, to be presumed, entitled to vote, is about 5,100,000, and yet the votes cast at a Presidential election seldom exceed 3,100,000, leaving 2,000,0000, of inhabitants who do not use their franchise. In the State of New York, in 1852, the voting population exceeded 800,- 548. It gave Morehead 1,775. A Dem 000, yet the votes returned did not much exceed 500,000. In Massachusetts, the white males over 21 are nearly 300,000, and yet the vote in 1852 was only 133,000, showing that nearly two thirds of the adult population, for some cause or other, had staid away from the polls. And the proportion is nearly as great in several other

OLDEST NEGRO YET.—We have at last got hold of a particular old negro. There has been countless cases of tolerably advanced blacks, but the case below, which we coppy from an exchange, is said to be perfectly authentic, and finishes the list. She ought to be shown around Some time ago I sent you an account of an old negro man, who died in Charleston ot the advanced age of 113 years. Since then I have seen a statement of a negro woman, who died in Fauquier county, Va., aged 140. A friend, who was formerly an officer in the United States Army, relates that when he was stationed at Pas Christian. in Louisiana, he was in the habit. Christian, in Louisiana, he was stationed at Pas with his brother officers, of visiting an aged negress who sold butternilk. On one occasion the following conversation took place: "Old woman, how old are you?"

"How long have you lived about here?"

CAP. CHAS. F. REYNOLDS.—We are glad to learn that this gentleman has been selected as commander of the steamer Virginia, one of the packets of the Cairo Mail Company. We know of no one within the reach of our sequaintance who enjoys a greater popularity on water or on shore, and who unites higher attributes socially and better qualifications professionally for the station than Capt. Reynolds. The Mail Company. We had the mand offered to relieve them of their sufferings provided that would give them a dollar each. Accordingly one paid the required ransom, the corpse was disinterred and the sufferer restored to life. The remaining two, not being so credulous, refused to pay for their lives and are now suffering all the penalties of the departed. We understand that great excitement exists in Baddle alley among the population, and that they are leaving that locality in numbers, in consequence of the arts practiced by Mesdames Brooks and Holliday.—Balt. Tobacco.—The market has grown firmer since our last. Poor lugs command \$8, and the ruling average rates have been 8 50a\$9. Leaf is very firm with a decided upward tendency. The finer qualities are held with great firmness; and several speculators are awaiting the full develop 000 ment of the "frost-panic" in the various tobac markets of America and Europe. Nearly all the offerings have been taken by City manufacturers. One of the first shipments from the region tributary to Owensboro, since the advent of low water, were received at Todd's since our last. The highest prices realized were for two hhds Virginia Leaf,

sold at Ninth Street Warehouse, at 16 25a17 75 We quote Lugs, common and light weight, 0 00a8 8 00; Do, full shipping weight, 8 00a9 00 Medium Leaf, 8 50 \$10; Prime Leaf, 10 50a\$13 Extra Choice Manufacturing Leaf, 13 50 to the highest figure obtained this season for Kentucky 22 75, depending entirely upon the quality and competition by resident manufacturers.

Hogs.—As before remarked, upwards of 100,-000 hogs have been contracted for around the Falls, at various prices, which if made public would form no basis for present operations. A few sales were effected early in the week at \$4a 4 25, helders generally demand 4 25 gross, at their own pens. Nett hogs can be bought from the hooks in Louisville at 5 75, and the prevail-ing quotations are 5 75a\$6, with however no sales made public. The market is without interest, and we cannot expect any activity until the packers commence killing. According to the Cincinnati Price Current the feeling in that market is decidedly subdued, and the general disposition manifested is that of holding back until the market fairly opens. No speculative feeling whatever is exhibited.

COUNTRY MEAT.—The receipts have been very light, with an exceedingly dull market at the decline noticed in our last review. We quote plain hams at 9½al0½c., according to trim and cure, clear sides 7c., ribbed do. 6c., shoulders 6c., bbl. lard 10c., keg 10½al1c.

VOTE OF PHILADELPHIA. Out of over 70,000 votes in the City of Phila delphia, Fremont has received 7000. Considering the extraordinary exertions of the North American, the Evening Bulletin, the Morning Times, the Daily Sun, and the Free Press, (German) this result affords one of the most astonishing proofs of the influence of the press we have ever known. The proprietors of those journals must feel particularly flattered by this tribute to their strenous offorts.

Health and Long Life to All.

DR. ROBACK'S SCANDINAVIAN REMEDIES.
Atlast me grand object of medical science is attained—Dr. Roback's Scandinavian Remedies actually perform what thousands have promised, but never accomplished. They purge from the blood the corrupt particles which create and teed disease. The basic of all the solid portions of the body is the blood, and if that full all pure, the whole organization must necessarily be rigorous, hardy and healthful. Hence in the preparation and combination of the ingredients of his famous Scandinavian Remedies, Dr. Roback's great object was to produce a medicine which should disnifect the blood in all cases. He succeeded, and the consequence is all the operation of his Scandinavian Blood Purifier and Blood Fills, upon almost every species of disease, is like that of water upon melady;
Persons suffering from delibits from children. the devouring element, literally extinguishing the nalady.

Persons suffering from debility from childhood, find new vigor infused into them by these wonderful life-lengthening restoratives. They cool the heat of fever, create appetite, render digestion perfect, regulate the bowels, promote sleep, invigorate the reproductive organs in both sexes, control all disorder of the liver, cure sores, boils, rumors and all skin diseases, and by imparting to the vital fluid new elements of health, literally make life a pleasure, instead of the wearisome probation which it must always be to the invalid. These remedies are composed solely of Swedish herbs, of rare medicinal virture, never before introduced in the practice or pharmacy.

Physicians of the highestnote in the discoverer's natively land, and in other parts of Europe, have certified te the value of the medicines, and they have never yet been administered without being followed with marked success It is impossible to enumerate in an advertisemnt a ten of the co-plaints for which they are infallible; suffice he to say that there is no disorderot any organ unless causedia by malformation, for which they are not adapted, and for the simple reason that they act directly upon the element which renew, teed and sustain all organs, viz: the venous blood.

Hamilton, Ohio, November 10, 1855.

Dr. Roback—Dear Sir: I have read in the newspapers many accounts of cures effected by your Scandinavian Remedies, but consider my own case at least as interesting and marvelous as any of them. So far as you are concerned, one testimonal more or less is of little consequence. Your fame is established, and my statement cannot add to your celebrity. But, for the benefit of my fellow-creatures, desire to make known the facts. When I called upon you at the instance of a dear friend, on the 21st of March last, I had been 9 years a sufferer from Catarrh. The irritation of the nerves and membrane of the head was so intense that some times it almost drove me crazy. I could not sleep, and was never free from un pleasantsensations. At various times five different physicians had attended me. Each one treated me in his own way, but none of them did me any good. I despaired of ever seeing another well day; and when I called at your consultation-rooms had very little hope of relief. By your advice I entered immediately upon a course of your Scandinavian Blood Purnfier and Blood Pills. I was encouraged by the cheerful, hopeful way in which you spoke, and I resolved strickly to follow your directions. In less than a week all the worst symytoms of my complaint began to take a mider form, and so continued to improve from week to week, until at the end of three months my head left me. Still, however, I continued to take the rem cdies for nearly six weeks longer, because I found they were building up my strength and fortifying my constitution. Six months have passed since the cure was finished, and I have had no sign of a relapse. I should be glad to see this letter, or the substance of it, in print for the guidance of others. THE CONTEST IN PENNSYLVANIA. The returns which pour in from this State are of the most cheering character. Most nobly has Pennsylvania vindicated her pledge to the Democracy of the Union. When we notice how thoroughly the tide of sectionalism and fanaticism has swept over New England, New York, and the North-western portion of the Union, and reflect upon the strenuous exertions, extraordiproved herself the great impregnable fortress of Constitutional liberty. The Cincinnati Commercial has the folwing good hit at the Fillmourners: The Fillmourners have been looking with longing eyes toward all points of the compass, praying that something would turn up, or down, so that the Presidential election could be carried into the House, where they hoped to perform feats of diplomacy, intrigue, bargain, fraud, and corruption sufficient to make Fillmore President. They have died hard, and have seemed determined to wring fortune from fate itself. But Kentucky would not go for Fillmore—not a single Northern State would go for him—neither would Florida, Louisana, or Tennessee. Maryland stood solitary and alone. The election would not go into the House. But lo! the Germans of St. Louis had such a horror of border ruffians that they would not vote for its direct representative, Buchanan, and voting for Fillmore gave the city of St. Louis to him. The Know Nothings were delighted nigh unto death. They spoke no more of "the d—d Dutch," but indulged in terms of deep affection respecting "our German fellow-citizens." And on the fact that St. Louis had been thrown for them by the German vote, they built a lofty fabric of calcula-tians, and in their mind's eyes had speedily carried Missouri, and in some mysterious manner, also Florida, and thus thrown the election into the House. A rumor to tais effect, originating n the Know Nothing papers of St. Louis, the statement of which was placed on the Gazette bulletin board, caused an intense excitement yesterday, and the Fillmourners made a show of orightening up for a time, but they were speedily called upon by the unrelenting facts in the cas te "dry up."

MANUFACTURED ON THE South side of Pearl street, Second door West of Vine. CINCINNATI, OHIO.

These Safes are warranted Dry as well as Fir C. URBAN, Esq.: Dear Sir—We take pleasure in expressing our entire satisfaction in the utility of your Salamander Safes, of which we had two in use atom Liquer and Rectifying e-tablishment, on Sycamore street, at the late severe conflagration. Surrounded by the most combustible material, and remaining for nearly two days in the burning ruins, our suprise was beyond description in finding, after opening said Safes everything in good order. In tendering to you our sincere gratification, we do not hesit ate to recommend your Safes to those in want of Such an article, as we know from experience that they truly are what they represent obe, "fire proof." We remain very truly yours.

Will.SHIRE, BRISTOL & CO. Cincinnati, Oct., 1852. URBAN'S SAFES.

Cincinnati, Oct., 1863.

I would call the attention of my friends and the public in general to the above letter, handed to me by Messrs. W. B. & Co., extensive liquor merchants. It is well known by the Cincinnati public that several of my Safes, of different sizes, have stood, of late, every severe tests. Among others, I would refer to the fire at Mr. Scovill's druggist, that of Messrs. Davie & Co., iron merchants and founders: that of Mr. Shiilito, soap and candle factor; that of Messrs. Greaud & Sarran, liquor and wine merchants. The Sates all came out victorious, although surrounded by the most combustable material.

Having acquired all the late unprovements, I dare say that my Safes are inferior to none made this side the mountains. As to the outer appearance, I combine neatness with durability. Thankful for past favors, a con inustion of patronage is kindly solicited.

Natisea, Headache, Vertigo, Dimness of Sight, Debility of the Nervous System, Hypochondria, Jaundice, Loss of Appetite, Wasting of the strength, Flatulence, with frequent belching of Wind, Viliated taste, Constipation and uneasiness of the bowels. ated taste, isstipation and uneasiness of the bowels, ous Vomiting, ming sensation at the pit of the stomach,

Oppression after eating.
Palpitation of the Heart,
Pain in the pitof the stomach, or towards the right side,
Sallowness of complexion,
Depression of spirits and irritability of temper, &c.
If a case of dyspepsia should be neglected, most serious
effects may ensue, for it lays the foundation for, is the incipient cause of, and very frequently terminates in consumption I would impress upon the mind that to trifle
with this disease, may be to sport with that reason which
constitutes man super-eminent among animal beings, or
to embitter existence by adding a consciousness of folly
to the penalty of pain.
This medicine is prepared entirely from vegetable substances; the most delicate stomach can bear it conveniently, and it is given with perfect safety, in minute doses
to the most tender infants, its properties being of a
streagthening and invigorating nature. It is neatly put
up in bottles, with ample directions for use.
The following testimonials from some well known and
respectable citizens of Philadelphia, are fully corroborative of the trice disease of the Anti Dyspeptic Elixir.

Attetsation. We, having used William's Anti-Dyspectic Elixir with he most perfect satisfaction and success, take great piearare in recommending it to all persons suffering with Dysepsia, as we are fully convinced of its most estimable qualities in restoring the digestive powers, removing all ain and uneasiness, and imparing a healthy tone to the tomach. tomach.

PHILADRIPHIA, March 16, 1853.

Doctor James Williams:—For several years past, I have been liable to attacks of Dyspepsia; but never have I been more distressingly afflicted with its synaptoms, than within the last few weeks. Indigestion, nervous irritability, despondency, a sense of weigat in the stomach, and severe pains in the left side, rendering me, for the time being, truly awretched. Fortunately, I was recommended by a friend to try your Elixir. I did so, and in less than two weeks, indigestion ceased; pain and nervous depression left me, and appetite, with meatal and bodily health, were fully restored. To me the cure seemed almost miraculous, and my object in writing to you is—a hope that other persons suffering the miseries of Dyspepsia will avail themselves of your efficient remedy.

I am, dear six, yours truly,
